

Lumivéra®

Inner Vitality, Outer Radiance

 Inner Vitality, Outer Radiance

“ Youth can truly be preserved.

In the hustle and bustle of daily life, we often feel that time is quietly stealing away our vitality and youth. However, the solution is simple – with the right approach, both youth and health can be maintained for the long term. This is the mission of Lumivéra: to break free from the constraints of time and let you shine inside and out.

Lumivéra, derived from the word “light,” symbolizes the unique energy within each of us, and our goal is to help reignite that light.

NMN GLOW is the key – with just one pack, it awakens your body’s energy, reduces signs of aging, restores healthy skin, and helps you maintain youthful vitality every day.

At Lumivéra, we believe that beauty and health should be simple and joyful. Choose NMN GLOW to effortlessly protect your health and youth, and let you glow from the inside out!

Lumivéra - NMN

As we age, various factors impact our body and overall well-being.

Decline in cognitive function

Metabolic disorder

Weak immune system

Skin aging

As we age, various factors impact our body and overall well-being.

Shortening of telomere

Fatigue, low ATP level

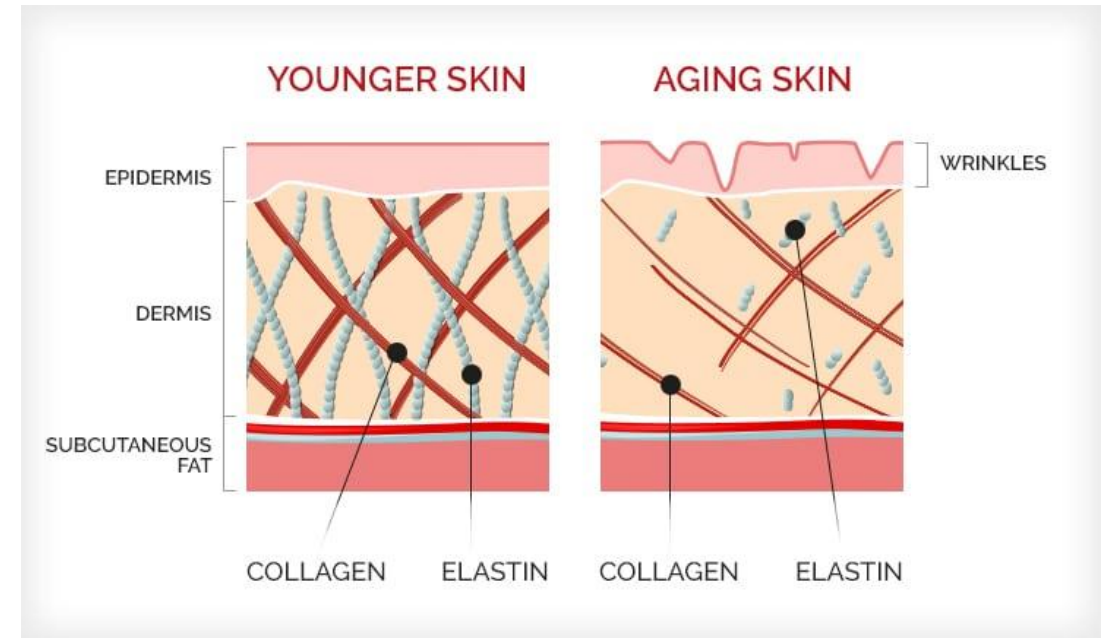

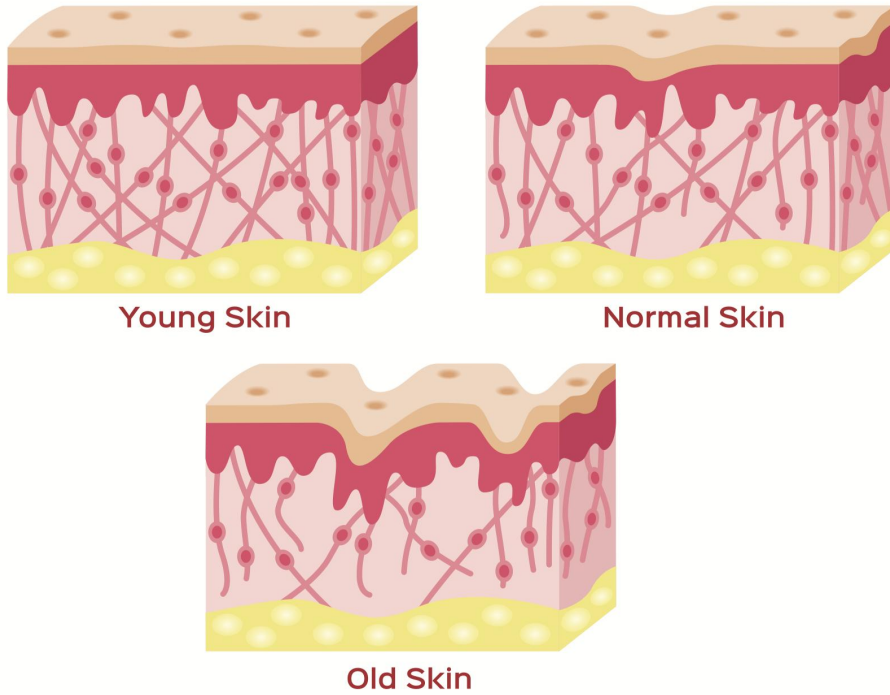

Sagging skin, loss of elasticity

Insulin sensitivity decreased

Which is your skin condition?

COLLAGEN IN HUMAN SKIN

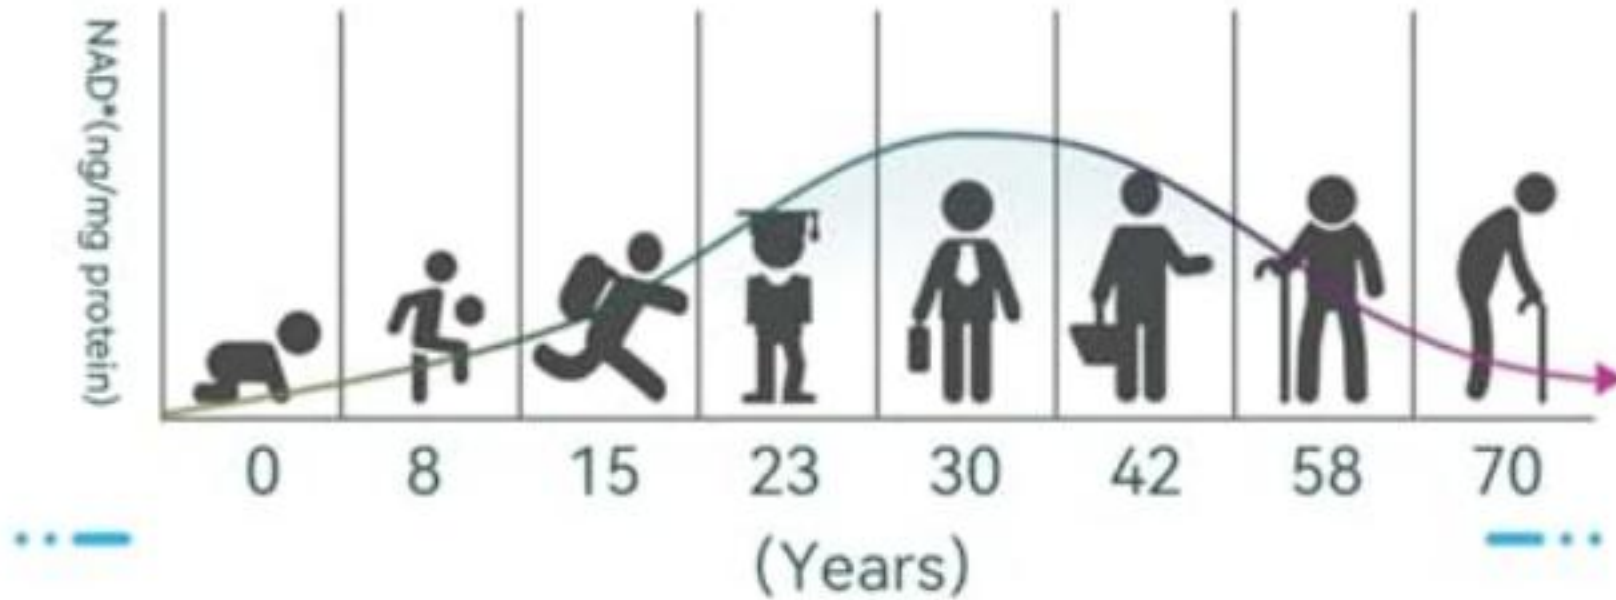

Why Does Your Skin Age So Quickly?

Your skin is like a factory in constant operation, but as we age, the "machines" (collagen and elastic fibers) gradually wear out, production slows down, and your skin loses its glow and elasticity. The real culprit? NAD⁺—the "energy molecule" that supports cellular vitality. While abundant in our youth, NAD⁺ levels diminish over time, much like a smartphone battery that loses its charge after years of use.

NATURAL NAD+ LEVELS DECLINE WITH AGE

Signs of NAD + Deficiency

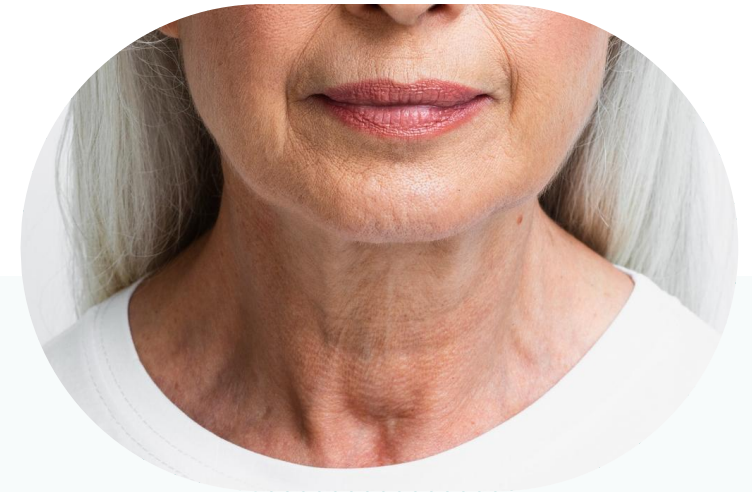

Loss of elasticity

Reduced elastin fibers weaken skin support and firmness.

Dryness and Rough Texture

Compromised skin barrier leads to rapid moisture loss.

More Fine Lines

Collagen depletion reduces repair capacity.

Signs of NAD + Deficiency

Dull and Uneven Skin Tone

Slower cell turnover results in lackluster appearance.

Decreased Energy

Weakened energy metabolism causes constant fatigue.

Poor Sleep Quality

Disrupted biological clock hinders deep rest.

Signs of NAD + Deficiency

Memory Decline

Reduced brain cell vitality impairs focus and attention.

Sluggish Metabolism

Impaired fat metabolism leads to easier weight gain.

Weakened Immunity

Lower anti-inflammatory and antioxidant defenses.

Signs of NAD + Deficiency

Hair Loss

Poor follicle nutrition causes thinning and shedding.

NAD+ is the core energy source of life—replenishing it is essential to revitalize your skin and overall health!

NAD + Help

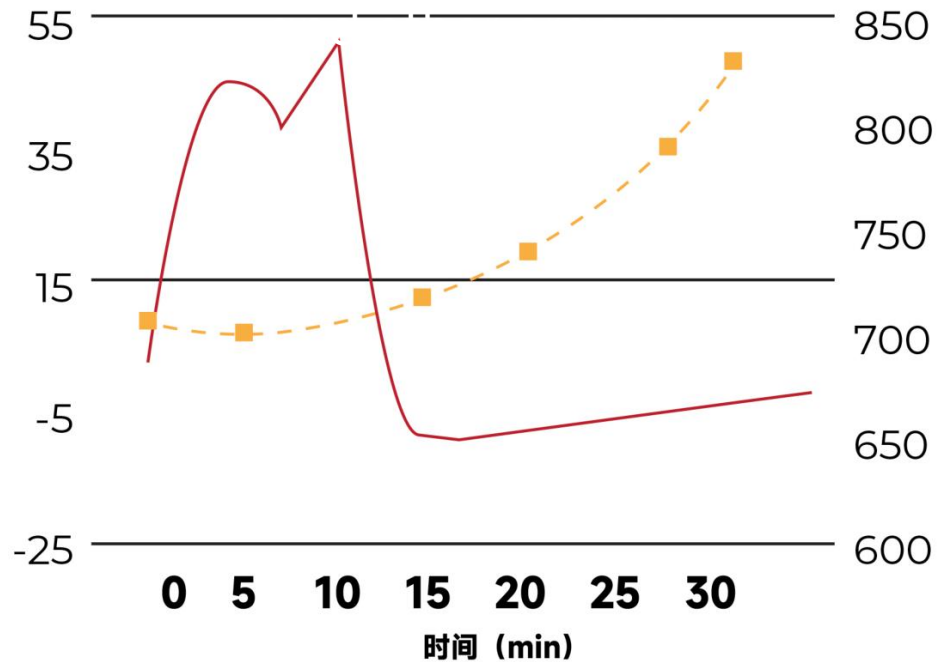

In Sustaining Genome Integrity And Longevity

NAD + activates SIRTUINS, the “Guardian of Genes” – that play a vital role in maintaining cellular health. Sirtuins are involved in many cellular stress responses and damage repair.

NMN: The Precursor of NAD⁺

*Within 2-3 minutes, NMN enters the bloodstream, rapidly boosting NAD⁺ levels in the blood, liver, and other organs.

The concentration of NMN in the blood (plome/ μ L) and the NMN levels in the body (plome/mg):

数据来源：Mills K, Yoshida S, Stein L, et al, Long Term Administration of Nicotinamide Mononucleotide Mitigates Age-Associated Physiological Decline in Mice (J)

Oral NMN effectively replenishes NAD⁺ levels with precision.

In 2019, the University of Washington School of Medicine confirmed that oral NMN can be absorbed by the small intestine, enter the bloodstream, and enhance NAD⁺ levels in tissues.

A revolutionary health formula that boosts energy, revitalizes skin, and redefines the meaning of graceful aging. Packed with natural superfoods and advanced bioactive compounds, NMN Glow is your ultimate secret to staying vibrant and beautiful!

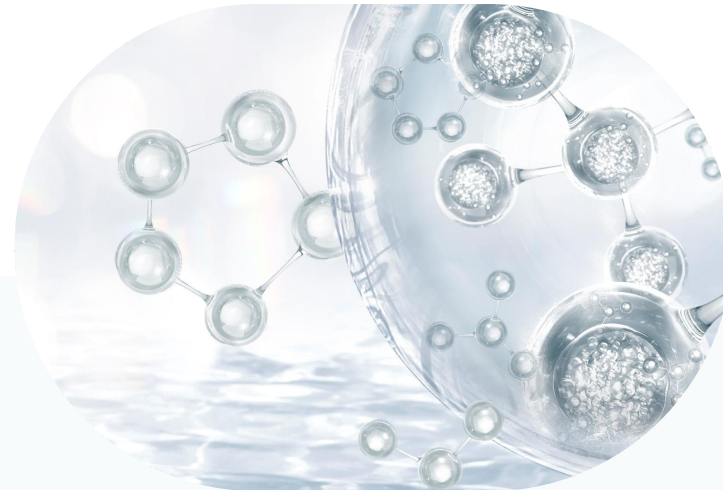

3 Key Ingredients of NMN GLOW

The Perfect Trio of NMN, PQQ, and Lipowheat™

NMN (Uthever®)

Boosts NAD+ levels, restoring cellular energy, and improving the skin's metabolism, bringing back its glow and elasticity.

PQQ

Repairs mitochondria, increases cellular energy production, slows down cellular aging, and improves skin firmness.

Lipowheat™

Deeply hydrates, improves skin texture, boosts collagen production, reduces wrinkles and roughness, locks in moisture, and makes the skin radiant from within.

Other Supporting Ingredients

Grape

Blueberry

Concord Grape

Blackcurrant

White Tomato

Yeast Extract

Vitamin C

Grape Skin Extract

The Direct Precursor

of Nicotinamide Adenine Dinucleotide (NAD⁺)

High Purity

High Stability

High
Bioavailability

The NMN (Uthever®) Benefit

01. Boosts Energy:

Boosts Energy: Increases NAD+ levels, supporting mitochondrial function.

02. Anti-Aging

Reduces oxidative stress, promotes DNA repair, and activates Sirtuins.

03. Improves Metabolism

Regulates glucose and lipid metabolism, supporting overall health.

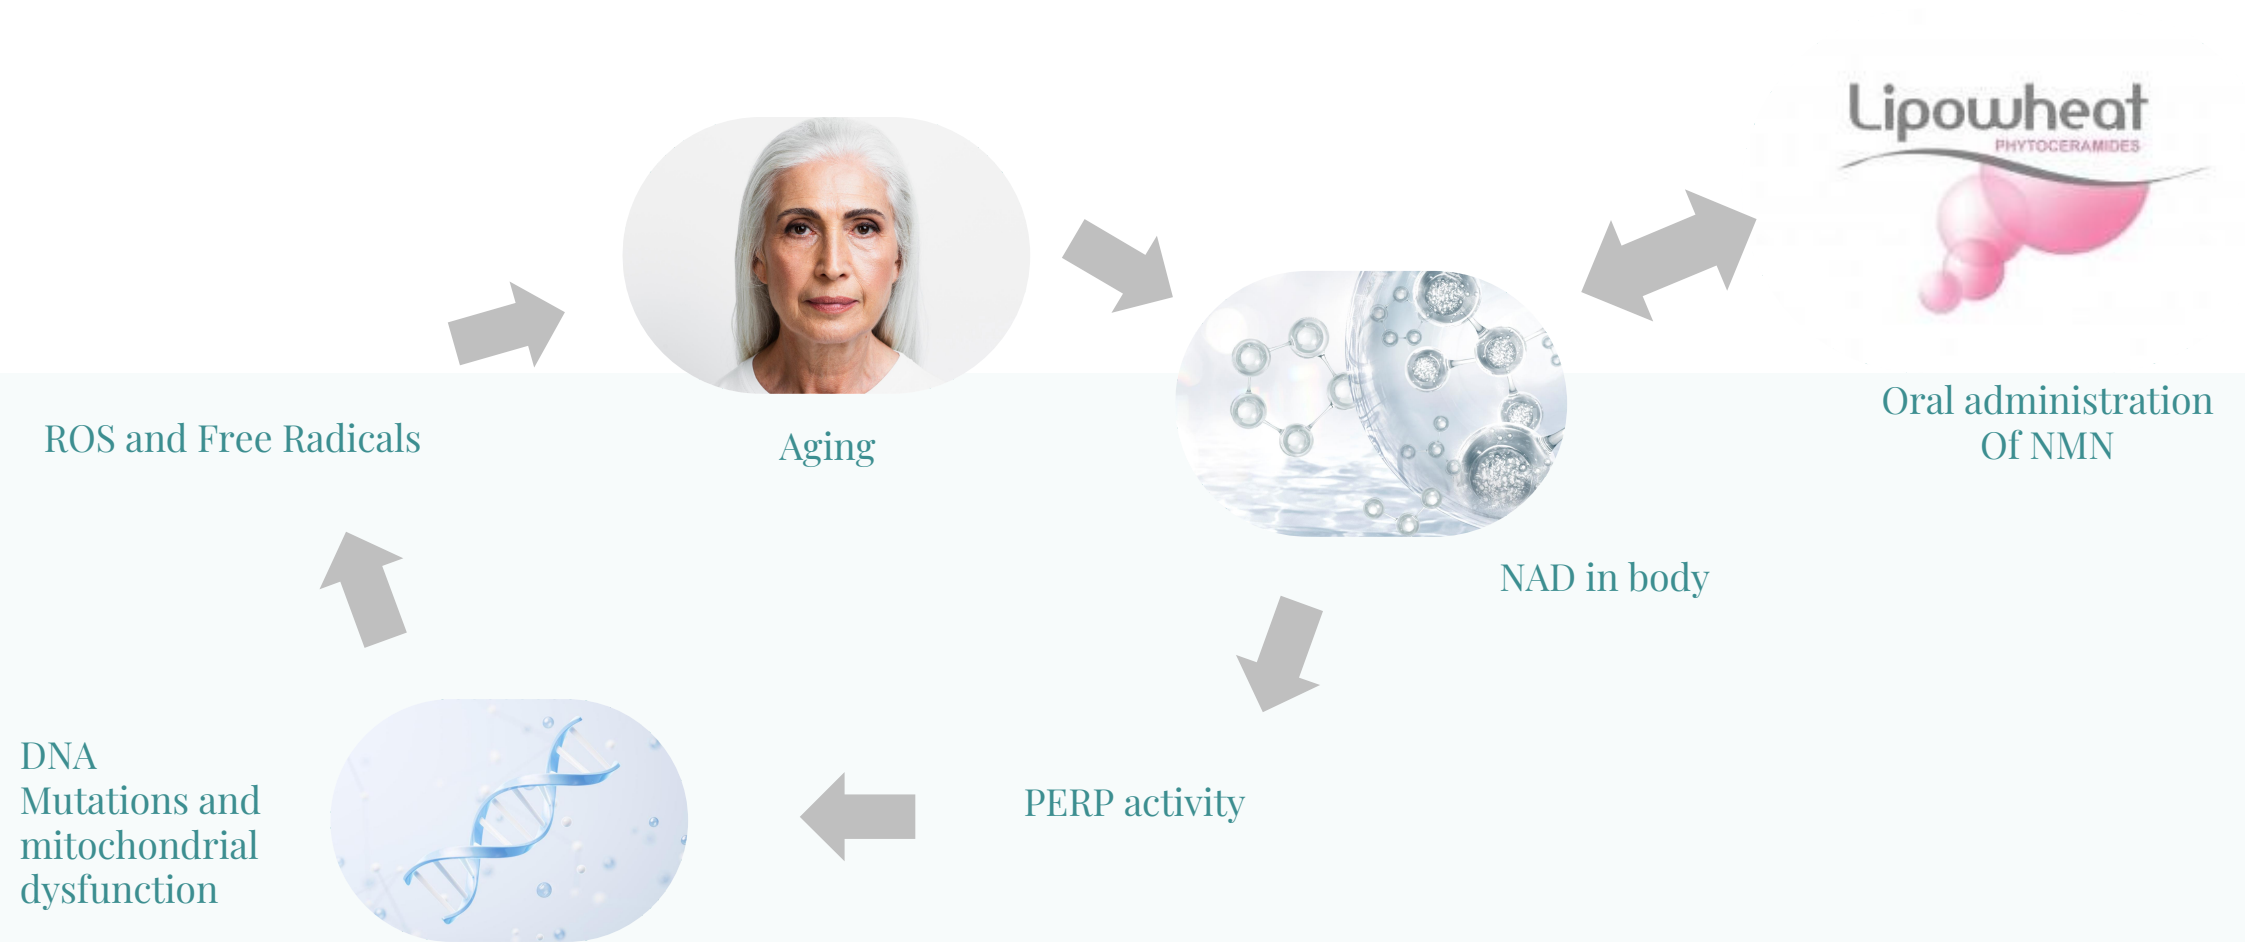

04. Cognitive Support

Protects brain cells and enhances cognitive function.

05. Cardiovascular Health

Improves blood flow and promotes vascular health.

NMN GLOW – Key Ingredients

Lipowheat
PHYTOCERAMIDES

The logo features the brand name 'Lipowheat' in a bold, dark grey sans-serif font. Below it, the word 'PHYTOCERAMIDES' is written in a smaller, pink, all-caps sans-serif font. A thin, dark grey wavy line separates the text from a cluster of five pink, semi-transparent bubbles of varying sizes that appear to be rising or floating.

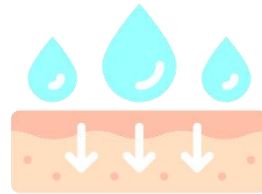

Lipowheat® is a patented, plant-based ingredient derived from wheat (*Triticum aestivum*) that is rich in ceramides, a type of lipid essential for maintaining healthy skin. It is widely used in nutraceuticals and skincare supplements due to its ability to promote hydration, reduce signs of aging, and enhance the skin barrier.

Lipowheat™ : Benefit

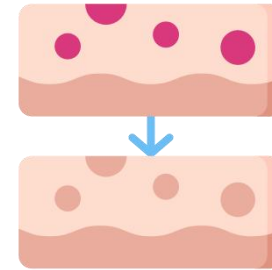

01.

Boosts skin moisture by strengthening the skin's lipid barrier.

02.

Minimizes the appearance of fine lines and wrinkles.

03.

Reduces dryness and flakiness.

04.

Enhances skin elasticity and firmness.

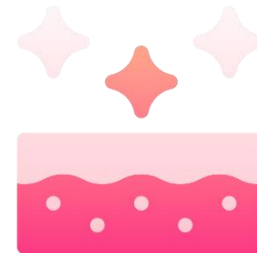

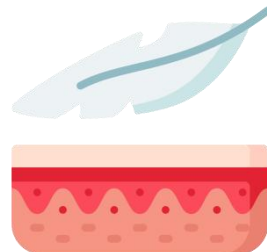

Lipowheat™ : Benefit

05.
Protects against environmental stressors and irritants.

06.
Promotes smoother, healthier-looking skin.

07.
Reduces sensitivity and inflammation.

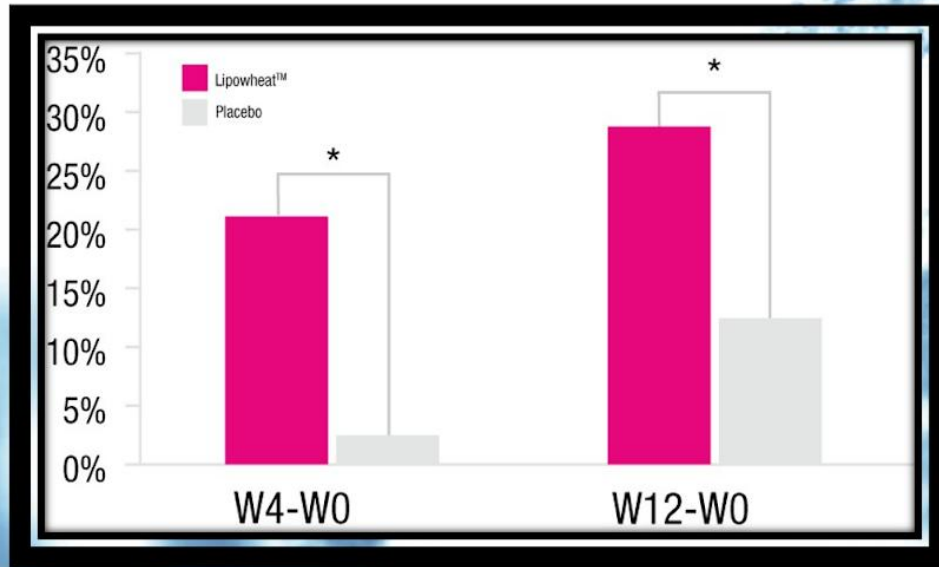

08.
Restores a youthful glow.

Skin Aging and Collagen Synthesis

Wrinkles Reduction

Starting from the 8th week, wrinkles are visibly reduced. After 12 weeks, 8.8% of women reported that the reduction of wrinkle is more significant.

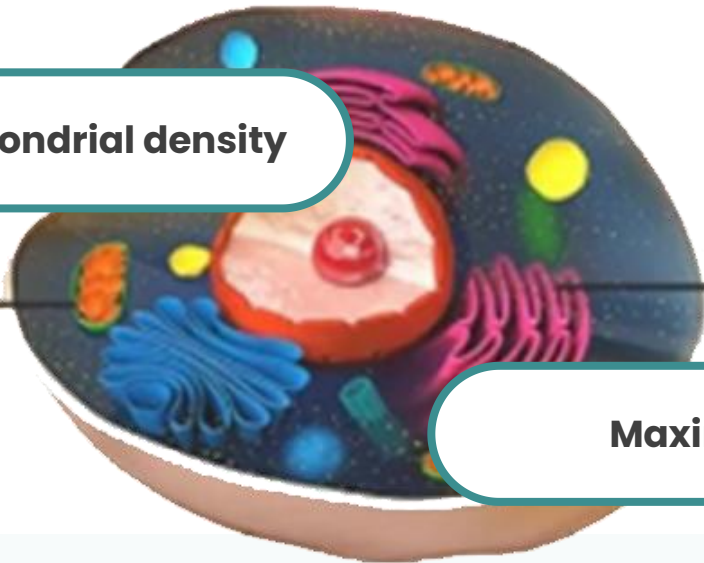

PQQ (Pyrroloquinoline Quinone) is a powerful nutrient and antioxidant that plays a crucial role in energy metabolism and cellular health, enhancing the effectiveness of NMN.

Benefit:

- 01 **SUPPORT ENERGY**
- 02 **PROTECT AGAINST OXIDATIVE STRESS**
- 03 **PROMOTE COGNITIVE FUNCTION**
- 04 **SUPPORT CARDIOVASCULAR HEALTH**
- 05 **SUPPORT IMMUNE SYSTEM**

PQQ increases mitochondrial density

Maximize the effect of NMN

Yeast Extract (Glutathione)

A powerful antioxidant from yeast, containing glutamic acid, cysteine, and glycine.

- ✓ **Antioxidant** : Neutralizes free radicals, reduces oxidative stress.
- ✓ **Detoxification** : Supports liver function, clears toxins.
- ✓ **Skin Care** : Reduces dark spots, evens skin tone.
- ✓ **Cell Repair** : Protects cells, slows aging signs.

Resveratrol (Grape Skin Extract)

A natural antioxidant from red grape skins with anti-aging properties.

- ✓ **Anti-aging** : Activates Sirtuins, promotes cell repair.
- ✓ **Cell Protection** : Reduces DNA damage, supports mitochondria.
- ✓ **Metabolism Boost** : Improves insulin sensitivity.
- ✓ **Skin Care** : Promotes collagen, prevents UV damage.

White Tomato

Rich in lycopene, an antioxidant with skin benefits.

- ✓ **Skin Protection** :Shields from UV damage.
- ✓ **Brightening** :Evens skin tone.
- ✓ **Anti-aging** :Reduces wrinkles and improves texture.

Vitamin C

A potent antioxidant, vital for immune function and skin health.

- ✓ **Anti-aging** : Reduces wrinkles and fine lines.
- ✓ **Repair** : Boosts collagen production, tightens skin.

Grapes

- ✓ Improve blood flow and lower blood pressure.
- ✓ Increase HDL cholesterol, decrease LDL cholesterol.
- ✓ Reduce atherosclerosis risk, boost immunity.
- ✓ Enhance memory and cognitive function.

Concord Grapes

- ✓ Promote circulation, rich in anthocyanins.
- ✓ Boost immunity, improve memory.
- ✓ Protect neurons from oxidative damage.

Blueberries

- ✓ Improve vascular function, combat aging.
- ✓ Brighten skin tone, enhance skin elasticity.
- ✓ Boost memory and cognitive health.

Black Currants

- ✓ Strengthen immunity, improve skin health.
- ✓ Improve blood flow, regulate blood pressure.
- ✓ Relieve arthritis inflammation.

One pack of NMN GLOW :

- 36.5kg of broccoli, about 122 heads
- 89kg of tomatoes (about 832 tomatoes)
- 113.6kg of shrimp (about 5682 pieces)

One small pack a day, effortlessly unlock the pathway to youth and look younger for another decade!

How is NMN GLOW Different?

The Unique Advantages of NMN GLOW

Triple-action
formula

A blend of NMN (Uthever®),
PQQ, and Lipowheat™

Fast-acting results

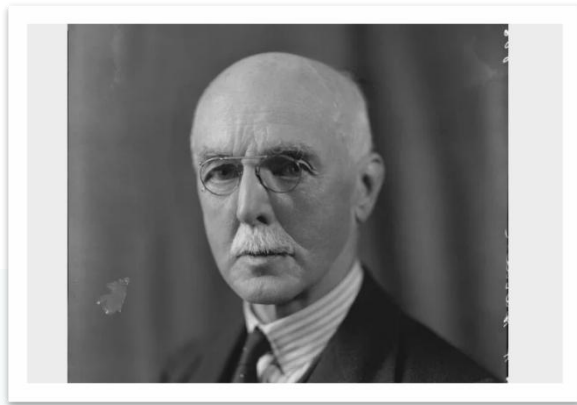

Simple and effective

Delays aging from the inside out, enhances skin elasticity and radiance, reduces fine lines, and improves sleep and mental well-being.

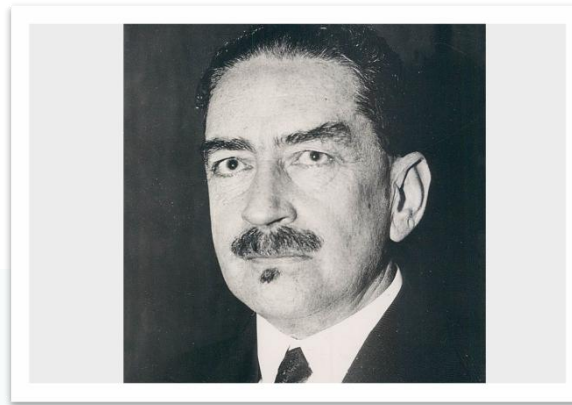

Three Scientists Awarded the Nobel Prize for NAD+

With over 100 years of research since 1904, multiple Nobel laureates have openly supported the significance of NAD+.

Sir Arthur Harden

- ✓ **Discovery:** First discovered and named NAD+ in 1904.
- ✓ **Award:** Nobel Prize in Chemistry, 1929.

Hans von Euler-Chelpin

- ✓ **Discovery:** Collaborated with Sir Arthur Harden in 1929 to further analyze the structure and function of NAD+.
- ✓ **Award:** Nobel Prize in Chemistry, 1929.

Otto Warburg

- ✓ **Discovery:** Researched the critical role of NAD+ in cellular respiration and energy metabolism.
- ✓ **Award:** Nobel Prize in Physiology or Medicine, 1931.

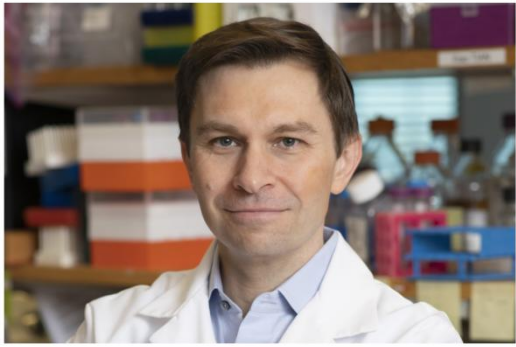

“

Endorsed by Nobel Laureates – NMN Known as the “Oral Anti-Aging Elixir”

NMN utilizes bio-enzyme extraction technology, mimicking the body's natural enzymatic processes to produce highly active and stable NMN. Its small molecular structure ensures easy absorption, complemented by AMPK activators that effectively clear residues, enhance absorption efficiency, and prolong its effects.

Once inside the body, NMN rapidly converts into NAD+, restoring youthful levels, reactivating normal physiological functions, and fundamentally slowing down the aging process.

”

David Sinclair

NMN Research Scholar

Professor at Harvard Medical School, Department of Genetics

He told Time magazine that NAD+ is the closest we can get to the fountain of youth and mentioned that his family and students all take NMN.

Li Ka-Shing

Founder of CK Hutchison Holdings

Ranked as Hong Kong's richest person for 21 consecutive years

A loyal user of NAD+ supplements. After taking a customized NMN supplement for three and a half years, Li Ka-Shing's biological age was found to be in his early 60s, effectively reversing 30 years of aging, as per epigenetic age testing.

Ray Kurzweil

Founder and President of Singularity University

Professor at Harvard Medical School, Department of Genetics

He told Time magazine that NAD+ is the closest we can get to the fountain of youth and shared that his family and students also take NMN.

An increasing number of celebrities and billionaires are beginning to take NAD+ supplements,

including real estate mogul Pan Shiyi, American actress Jennifer Aniston, Elon Musk's ex-girlfriend, independent music artist Grimes, and American professional football player Austin Mathews.

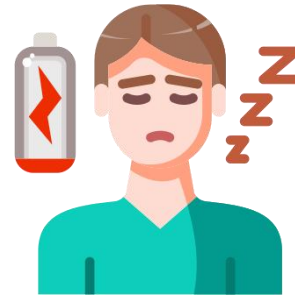

Comprehensive Care for Your Health and Youth

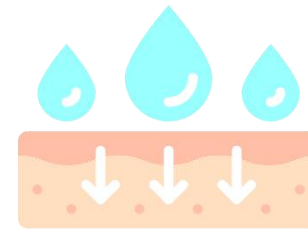

Protect cell from oxidative stress

Boost Energy

Reduce fatigue

Increase skin hydration

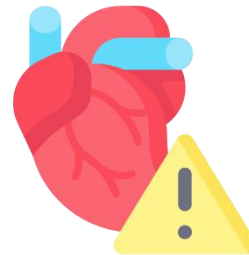

Improves skin dryness

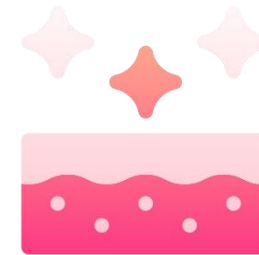

Increase elasticity

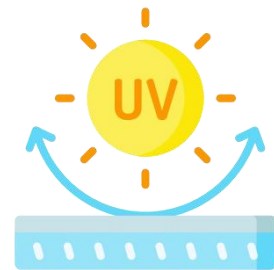

Reduce wrinkles

Protect cardiovascular disease

Support brightening skin

Protect skin from UV light and pollution

Comprehensive Care for Your Health and Youth

Promote longevity

Increase insulin sensitivity

Increase absorption of nutrient

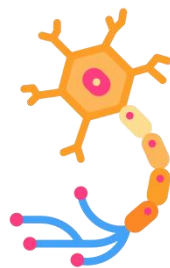

Strengthen immune system

promotes mitochondrial health

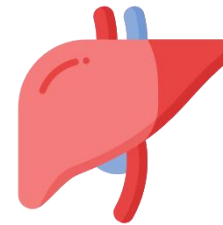

Boost production of collagen

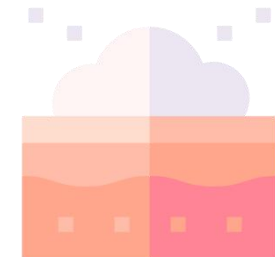

protect neurons from damaged

Support cognitive function

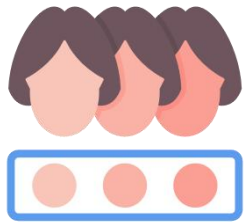

Support liver function

Promote glowing skin

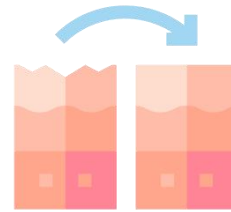

Comprehensive Care for Your Health and Youth

Improve skin tone

Improve metabolism

Delay the aging process

Prevent premature aging

Reduce the risk of DNA damaged
