

In modern life, stress, pollution and aging constantly trigger oxidative damage to the glandular system. Once glands fall out of balance, metabolism, immunity and recovery slow down.

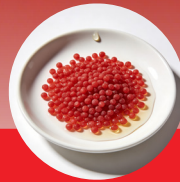

LYCORA

supports long-term stability with high-stability Lycopene antioxidant protection, helping the body maintain healthy function over time.

LYCORA

Key Ingredients

Micro-encapsulated Lycopene

- High potency & stable activity
- Less oxidation, better absorption

Flaxseed Oil + Vitamin E

- Enhances fat-soluble nutrient uptake
- Strengthens antioxidant defense
