

Your Gland Health Defender

Strong antioxidant support for long-term protection

Brand Mission

Health starts from within — especially the often-overlooked glandular system.

LYCORA is committed to science-backed antioxidant technology, supporting gland health for long-term balance, stability, and vitality.

Brand Mission

Modern life—stress, pollution, imbalance, aging—constantly strains the body's glandular system. Once it's out of balance, immunity, metabolism, hormones & recovery all decline.

LYCORA exists to protect these overlooked yet vital systems, helping the body stay balanced, healthy and resilient.

LYCORA

A high-potency

“Lycopene Micro-Capsule Antioxidant Formula”

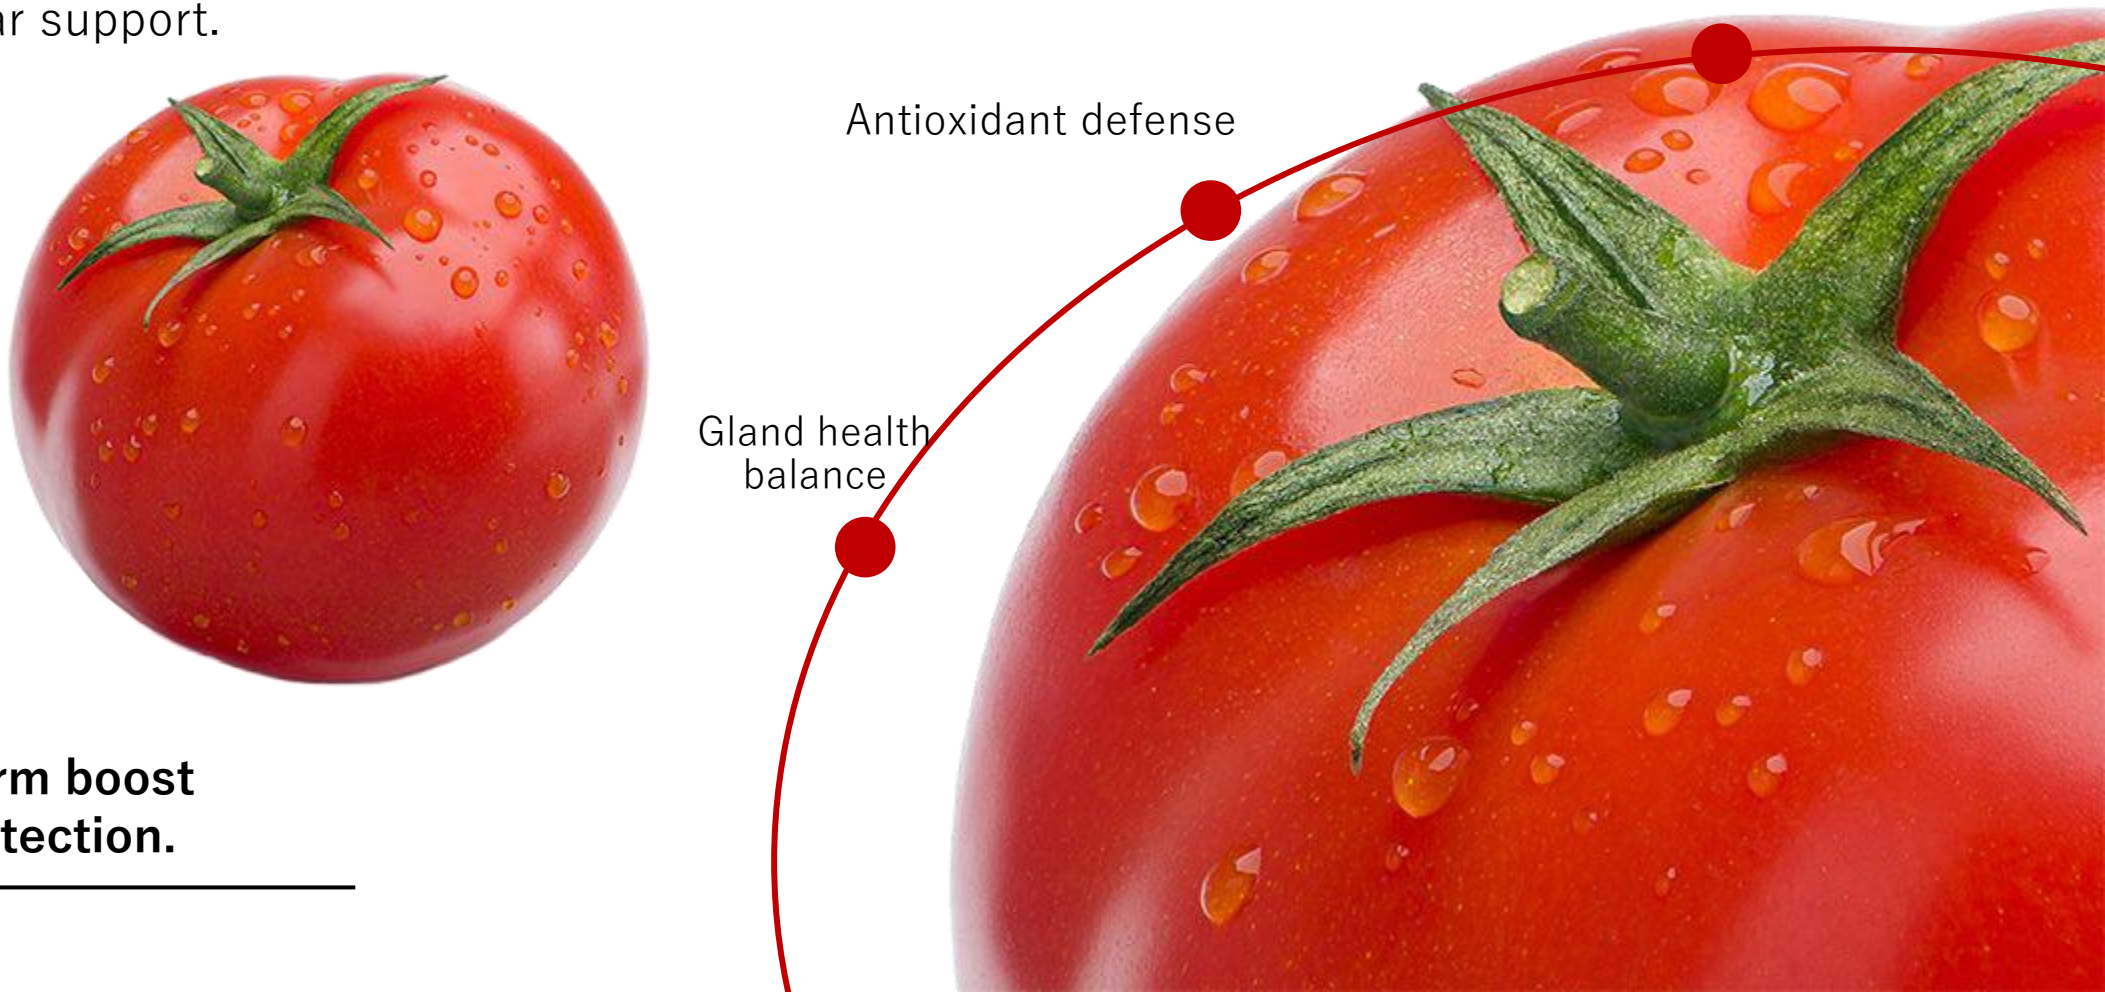

designed for system-level protection
not just a quick supplement, but long-term
gland & cellular support.

Long-term cell stability

Antioxidant defense
